Make sure scorekeeper clearly marks the proper box on scoresheet

Patch will be included in your next weekly team packet. If it is not, then make a note on your scoresheet **THAT week ... not 3 weeks later!**
ALSO, CHECK YOUR OPPONENT'S SCORESHEET

- If a player makes **more than one** '8 on-the-break', '8 break and run', '9 on-the-break', or '9 break and run', **one patch** will be sent UNLESS a note is clearly written on the scoresheet that the player wants the amount justified.
NOTE: If additional patch request is omitted from scoresheet when player earns award, they have until the following week to request the additional patches.
- A "rackless night" patch will be awarded to a player that has a rackless night without their opponent scratching on the 8-Ball, making the 8-Ball out of turn or in the wrong pocket, etc.
NOTE: If a player loses the lag, subsequently they are racking the first rack and is not a rackless night.
- "rackless night" patch award DOES NOT apply to 9-Ball format.
